Beschreibung der Veranstaltung: Gliederung, Inhalte, Lernziele, ggf. Lehrmethoden	<p>This is an interactive class. We speak English. In our first meeting I will ask about your personal interest in Germany? What would you like to find out about Germany? Are you more interested in the Society? In Culture? In History? Is there a special period or an event that you are interested in? What would you like to know more about? Together we will find topics that you are interested in. Then each one of you is going to make a presentation of the topics of your choice. The presentation could be in teams, depending on the number of students. We will discuss a lot and try to include similarities (or not) to your home country. And we will talk about prejudices and stereotypes, briefly about the strange and funny things about “the Germans”. (Are we really like this?). Learning with fun!</p>
